

# THE INTELLIGENCER.

## LOCAL MATTERS.

### BRIEF MENTION.

Cotton—Middlings, 84 to 85.  
Get married, young man, get married.  
The Baptist pulpit will be unoccupied on next Sunday.

Sheriff McConnell has ten prisoners in jail at present—all colored.

A drove of Tennessee hogs are in town, and are being sold at 42 cents.

Anderson is not the banner county politically but she is agriculturally.

Messrs. Cunningham & Co. are agents at this place for Avery's wagons.

We have done our best for our subscribers, and now will they do their best for us?

John E. Peoples has on hand some cheap one-horse wagons. Call and get bargains.

The enterprising firm of Blackley, Brown & Co. paid 84 cents cash for cotton on the 19th inst.

The Legislature meets next Tuesday, and our representatives will be at their posts of duty promptly.

Mr. R. Y. H. Nance has been elected on the police force, in lieu of Mr. L. C. Brady, resigned.

Owing to the inclemency of the weather cotton has not been coming in so rapidly for the past week.

Some of our friends who promised to pay us when they sold their cotton are very forgetful, it seems.

Saturday is the only day on which the County Commissioners will attend to business in their office.

Ex-Senator Cochran is engaged at present working a gold mine in Oconee County near the Anderson line.

Mr. J. L. Tribble will occupy, after the 1st of December, the residence recently vacated by Mr. W. W. Keys.

The citizens of Pendleton are naturally displeased with being deprived of their daily mails. Who would not be?

Those who desire to keep posted on the work of the Legislature should subscribe for the INTELLIGENCER at once.

Our Townville correspondence reached us last week after the paper was ready for press, and consequently did not appear.

Rev. Frank Thompson, of Horse Cove, N. C., will preach in the Episcopal Church on next Sunday morning and evening.

One who was present at the State Fair says that it is much easier to take a premium there than at the Anderson County Fair.

In many sections of this County the cotton crop is entirely gathered, and the ground on which it grew has in many cases been sowed in wheat.

The act of the Legislature repealing the lien law goes into effect on the first day of next January, unless further legislation is had on the subject.

Mr. John H. Clarke has just received another large lot of the improved Singer sewing machine, which he is anxious to dispose of for the cash.

Hon. Wm. N. Fant, formerly of Anderson, has been re-elected Judge of Goliad County, Texas, which position he has held with distinction for several years.

The subscription price to the *Southern Cultivator* has been reduced to \$1.60. It is an excellent agricultural journal, and is well worth the money to any farmer.

Lancaster has a citizen 53 years old who never took a dose of medicine. Anderson has one 70 years old who has never been so unwell as to require the attention of a physician.

We are requested to announce that the regular church services in the Belton Baptist Church will be held on the next second Saturday and Sunday instead of the first in December.

The best big weekly that comes to this office from Georgia, in which State many excellent papers are published, is the *Savannah News*, while the best little weekly is the *Hartwell Sun*.

Don't forget the meeting of the stockholders of the Anderson Farmers' and Mechanics' Association to-day in the Court House. Business of importance will come up for transaction.

The thief who comes to Anderson with the idea that he can carry on his hellish business without being detected and overtaken by our efficient police will find that he has reckoned badly.

If the boys who go to church on Sunday nights to have amusement were properly dealt with by their parents, we do not doubt that the worship of christian people would hereafter be undisturbed.

The train on the Blue Ridge Railroad now makes connection at Seneca City with the passenger trains on the Air Line Road going both east and west, on the days on which it passes that point.

Anderson made the best display at the State Fair of any County in the State, unless it was Richland, and we dare say if it had been held in any other county she would have surpassed her, too.

If the people of this County were allowed to pick their men, we have no doubt that a shipload of the "colored brethren" who are so anxious to emigrate to Liberia could soon be found, with passage fee already paid.

Rev. Baxter Hays will preach at New Prospect on the first Sunday in December, and at Mrs. Harriet Prichard's on the Saturday before, after which a conference of the Church will be held. The building committee is especially requested to be present.

Hon. B. F. Crayton was re-elected President of the State Agricultural and Mechanical Society at the stockholders' meeting in Columbia last week, which is sufficient guarantee of its future success. No better man could have been chosen for the place.

Owing to the fact that the Court House steeple has not been in good condition, some of the principal timbers being unsound, the Town Council has wisely concluded not to purchase a clock and place in it until it is repaired and all danger from accident removed. If the steeple had been in proper condition the clock would have been there by this time.

Messrs. G. F. Tolly and L. P. Smith, of Anderson Division, have been elected to the highest and most responsible offices in the Grand Division, Sons of Temperance, in this State. This is a very high compliment to these gentlemen and to their Division, and we have no doubt they will give entire satisfaction to the temperance workers of the State. Anderson takes the lead in the temperance cause in South Carolina.

Rev. A. Cole Smith, of Greenville, preached in the Methodist Church at this place, according to appointment, on Sunday night to a large congregation, composed of the various denominations of the town. His sermon was very interesting, and made a deep impression on his hearers, who listened throughout its delivery with profound attention and respect.

Mr. Smith is a fascinating speaker and a logical reasoner, and consequently wins the confidence and admiration of audiences wherever he goes. He is one of the most promising young ministers of the State, and is becoming a tower of strength to his denomination.

There are fewer persons leaving this County in search of better homes this fall than there has been in any previous year since the war, which fact we are pleased to record. The truth that there is no better country under the sun than our's is being recognized at last.

The thief who entered the houses of Messrs. Herrick and Archer last week was caught by Mr. J. R. Fant on Thursday last, and after a preliminary trial before Justice Whitefield was committed to jail to await his trial before the Circuit Court in January, when he will be sent to the penitentiary to pay the penalty of his crime.

We shall strive to make the INTELLIGENCER a home for still more worthy and deserving the patronage of the people of Anderson County, and in our efforts to do so we ask the co-operation of our friends in every section of the County. When anything of interest occurs in your neighborhood, drop us the particulars on a postal card.

Next Thursday has been appointed by the President as a day of thanksgiving and prayer. Lieutenant Governor Simpson, acting as Governor, has endorsed this appointment, and requests the usual services to be held in the churches throughout the State. We hope arrangements will be made to carry out the appointment in Anderson.

We regret to announce the death of Mr. Jordan Burns, a respected citizen of the Fork township, of this County, which occurred at his residence on last Friday night from dropsy of the heart, resulting from an attack of pleurisy, which has confined him to his bed for several weeks. Mr. Burns was, at the time of his death, sixty-seven years of age, and by his upright and genial conduct through life had established himself in the friendship and esteem of his neighbors and acquaintances, who sympathize with his family in the bereavement they are called upon to bear.

On Sunday afternoon the deceased was interred in the Townville Baptist Church yard, after appropriate and feeling funeral services. Mr. Burns was a good man, and in his death a kind neighbor and useful citizen has been removed from earth.

The citizens of Pendleton are naturally displeased with being deprived of their daily mails. Who would not be?

Those who desire to keep posted on the work of the Legislature should subscribe for the INTELLIGENCER at once.

Our Townville correspondence reached us last week after the paper was ready for press, and consequently did not appear.

THE CATHOLIC CHURCH.  
At a meeting of the members of the Catholic congregation of this place, held at the residence of Capt. John McGrath, Rev. F. A. Schmitz presiding, and T. D. Kennedy acting as Secretary, the following preamble and resolutions were introduced and unanimously adopted:

We, the Catholics of Anderson, fully recognizing our necessity and the importance of having a permanent place of worship in our town, and hoping to augment our numbers by inducing further immigration, make the following resolutions:

Resolved, That a Catholic Church should be built in the Town of Anderson on the lot owned by the congregation, to cost not exceeding \$2,000.

Resolved, That a subscription be opened for the purpose of collecting the necessary funds for the construction of the Church.

Resolved, That a committee of three be appointed to solicit aid from our fellow-citizens.

Resolved, That three trustees be elected to have the custody of all monies collected, and that a copy of these resolutions be forwarded to the Rev. Bishop Lynch to receive his sanction, and ask his blessing for the undertaking.

Resolved, That these resolutions be printed in the Anderson INTELLIGENCER and Anderson Journal.

The following committee on subscriptions was appointed: M. D. Kennedy, Sr., George L. Schrimp and John McGrath, Jr., after which Rev. F. A. Schmitz, John O'Donnell and M. D. Kennedy, Jr., were elected trustees. It was determined to go to work in earnest, and to commence the building of the Church as soon as sufficient funds could be collected.

SANDY SPRINGS.  
A few items of local news from Sandy Springs and vicinity may be interesting to some of our many readers. Our people are hard at work; our community is quiet; peace, harmony, good-will and prosperity seem to predominate, and all (except a few darkies) are well satisfied with the results of the late election, being sure of two more years of good, honest, Democratic government.

The cotton-picking season is about over. The yield is larger than usual in this section, which, if it were not for the low price of cotton, would make money more plentiful. The farmers are busily engaged sowing grain, a larger amount of which will be sown than heretofore, especially oats. Our school at Sandy Springs Academy opened on Monday, 11th inst., with a large subscription and with very flattering prospects. Mr. W. T. McElroy is principal.

The new Sunday Springs Methodist Church was dedicated last Sunday—Rev. A. Coke Smith, of Greenville, preaching the dedication sermon. At an early hour, notwithstanding the morning was dark and foggy, a very large congregation had assembled to witness the consecration of the new edifice, erected for sacred worship. At 11 o'clock, the minister ascended the altar, selecting as his text, Malachi 3, 10. He delivered as able, eloquent and logical a discourse as we ever listened to, after which the new edifice was solemnly consecrated to God in the presence of a large, serious and attentive audience. More anon.

CIVIL.  
Mrs. Nancy Cromer, relict of the late Jacob Cromer, died at her home near Brown's muster ground on the 10th inst., aged about 80 years. The fourth Quarterly Conference on the Shallow Ford Circuit, M. E. Church, will be held at Smith Chapel Thursday before the first Sunday in December, the Rev. O. A. Darby to preside.

Carried, Thursday evening, 7th inst., by Rev. Prof. Riley, of Adger College, Wall-halla, Mr. J. Lafayette Farmer and Miss Julia A. Hunter, both of this town. May the bright side of life's picture ever illuminate the happy couple's future pathway.

QUT VIVE.  
ELEETON, S. C., May 24, 1875.  
DR. HARTER—Dear Sir: I used your Iron Tonic to a considerable extent in my practice last Fall, and was well pleased with its effects. It produces more satisfactory results in my hands than any preparation of bark and Iron I have ever used.

19-2 S. G. MABLEY, M. D.

HYMENEA.  
MARRIED, Thursday morning, November 14, 1875, at the residence of the bride's sister, in Columbia, S. C., by Rev. P. J. Shaw, Mr. E. W. TAYLOR, of Anderson, and Miss ANNIE C. BACOT, of Columbia.

At the residence of the bride's father, in Belton, on Tuesday, 10th inst., by Rev. J. S. McElroy, Mr. C. McULLOUGH, of Darlington, formerly of Anderson, and Miss EMMA H. McKEE, daughter of Mr. G. W. McKee.
